

The Historic Colors of South Carolina

The goal of this project is to document and record the history of architectural paint in South Carolina. This has not been done on a Statewide scale before.

Steps to take

1.

If you are interested in participating in the Study, contact Betty Prime at Meadors, (betty@meadorsinc.com), or if you know who your local Paint Study coordinator is for your community, contact them.

2.

Visit the website - www.meadorsinc.com/scpaintstudy and download a copy of the booklet. Read the information to gain a comprehensive understanding of the Study.

3.

Select the structure/(s) that you would like the colors tested.

4.

Work with the coordinator to complete the required forms.

5.

Decide whether you will be actively involved in taking samples for analysis.

6.

Make sure the structure/s is accessible and safe for the Study.

7.

Schedule your analysis.

“This architectural paint exploration to establish the historic exterior palettes of South Carolina communities is an exciting effort which has never been attempted, in any coherent way, in this country.”

- Dr. Susan Buck
